## WHO WE ARE

You don't need another vendor. You need a partner who understands your specific application and guides you with unmatched expertise. With our decades of experience, Coyle Supply helps you boost production, cut costs, and eliminate downtime.

From natural gas reclamation to beverage processing, we supply the pipe, valves, fittings, instrumentation, valve automation, and steam system solutions to keep production moving.

## OUR MISSION

Our mission is to provide quality process flow components and innovative industrial solutions to our customers nationwide. We value our customers and their needs first, emphasizing the importance of customer service, sharable expertise, timely delivery, and trusted products. By conducting business with integrity and striving to help every customer meet their goal, we hope to build meaningful relationships and become a trusted partner for all.

## COYLE VALVE AND AUTOMATION CENTER

- Valve and Automation Offerings
- Retrofit Valves
- Air and Cycle Testing
- Tagged Control Numbers

## COYLE STEAM MANAGEMENT

- Steam Trap Testing
- Process Evaluation
- Component Offerings
- Onsite Training

## ONSITE ASSISTANCE

- Process Evaluation Walkthroughs
- Shared Subject Matter Expertise
- Team Training
- Vast Product Offerings

## STOREROOM MANAGEMENT

- Inventory Management
- Trend Forecasting
- Streamlined Procurement Process
- Critical Part Availability & Standardization

## OUR PRODUCTS

- Steam Management Products
- Valve and Valve Automation Components
- Instrumentation
- Pipe, Fittings, and Tubing
- Expansion and Vibration
- Filtration
- Hoses
- Piping Accessories and Hardware
- Piping Systems
- Powder Systems
- Safety Products

## SUPPORT FOR SPECIALIZED ENVIRONMENTS

- Chemical Processing
- Food and Beverage
- Institutional
- Manufacturing
- Mining
- Municipality
- Natural Gas Reclamation
- Oil and Gas
